CITIZENS RADIO CALL BOOK—A RADIO CYCLOPEDIA—USED THE WORLD OVER

CALLOGRAM

CITIZENS RADIO

August, 1927.

Dear Mr. Crapo:

The latest edition of the AMATEUR CALL BOOK will be out before the 1st. of October and we are anticipating the largest sale the book has ever had. In order to put the book promptly in the hands of Amateurs as much as possible, I am writing to every Section Communication Manager of the A.R.R.L with the idea in mind that many of you might like to handle the AMATEUR book. In quite a number of States there are at present, no Jobbers stocking the AMATEUR book and requests are continually coming in from fellows to us, to know where they can buy the book in their home state.

I shall be glad to offer 30% discount on all orders for fifteen or more books, which are non-returnable. This gives you the book at 52½¢ a copy, the retail price being 75¢ each.

Please let me hear from you at your convenience, what you think of this proposition, also any ideas from the fellows in your part of the country as to suggestions and improvements for the AMATEUR book. 9FO will be glad to work you on bands of 20, 40 and 80 meters.

Sincerely yours,

AB:OR.

Dear O.M:.

Glad to have your letter about the AMATEUR book. Yes, the 30% discount on 15 or more copies will apply to the Milwaukee Club and will be glad to receive an order from you in the near future.

Let me know your schedule of Club meetings and I might be able to hop up sometime.

Sincerely yours,

ordered 15 sent to Secy. Seibel
